Dear Ms. Duffy:

On behalf of the Board of Directors, volunteers, staff, and families at Alzheimer's Community Care, thank you for support from the Walter E. and Barbara A. Bauke Foundation. We greatly appreciate your gift in the amount of $4,500 to assist Alzheimer's patients and family caregivers living in Palm Beach County.

Thanks to support from individuals and foundations like yours, Alzheimer's Community Care was able to provide the following services in FY 2014-2015:

- **415 unduplicated patients** attended one of our eight Specialized Alzheimer's Day Centers in Palm Beach County.

- **1899 Alzheimer's patients and family caregivers** received direct services with one of our six Family Nurse Consultants working throughout Palm Beach County.

- **356 home visits** were completed by Family Nurse Consultants as they conducted assessments and provided families with linkages to community-based services.

The burdens of care giving for an Alzheimer's patient are many, and include financial, emotional and physical strain. As Baby Boomers enter the high risk age group for Alzheimer's (65+), and demographics in Florida continue to include high percentages of seniors, the need for interventions to meet the needs of both patients and caregivers provided by Alzheimer's Community Care will continue to increase. We are honored to partner with the Walter E. and Barbara A. Bauke Foundation in service to families in Palm Beach County. Thank you for joining with us to make a difference!

Sincerely,

Kathleen Herd
